

THIENEL Dental e.K.

The Original for 50 years.

THIENEL Dental e.K. - The Original for 50 years.

THIENEL Dental has stood for quality, service, flexibility and reliability in manufacturing of dental disposables.

Customers enjoy excellent quality as a result of Thienel's many years of experience in processing plastic foil and tissue. Our products are improved continuously and adjusted to customers requirements. Flexible and short-term order processing, as well as highly reliable delivery, allows our customers to optimize materials management and stockkeeping.

Last but not least, we are not only committed to the quality of our products. We also continue to

advance the quality of our company processes, and have been certified according to ISO 9001 since 2003.

THIENEL Patient Aprons - THE ORIGINAL

Well proven over many years our patient aprons are reliable items for the dental practice.

They are characterized by ideal size, functionality and a good quality.

The neckline provides a perfect covering of the patient's shoulders. The tie fastening allows for an ideal fit.

RELEX by Grey color grey

A grey color as a neutral background provides an ideal surrounding for shade taking. The grey helps to avoid influence on color perception and helps to rest the eyes.

Napkin Holders

The low-germ way to fasten napkins!

- self adhesive
- elastic fiber
- for single use

The Napkin Holders are a low-germ alternative to reusable bib holders. They are easy to handle and provide a comfortable fit on the patient's neck. Self adhesive ends allow for easy fastening of all kind of napkins.
